EVENTS THAT TRANSFORM

Technology That Connects

We have a huge state-of-the-art range available for hire covering lighting, sound and video to staging, rigging, power and drapes. Whether it's a hire for a one-off event or a long-term project, with our vast inventory covering the latest technology from leading manufacturers, Encore can help.

We carefully maintain our equipment with each item tested and checked after every hire by our dedicated in-house team.

We combine years of industry knowledge and technical experience with a passion for theatre and concert touring.

Our huge state-of-the-art range covers lighting, sound and video to staging, power, rigging and drapes, ensuring we're the perfect partner to supply kit for a theatre production, concert, tour or special event.

Theatre

Having supplied equipment to the Edinburgh Fringe Festival for over 26 years and supported high-profile West End and touring productions, you'll have the peace of mind that you're in safe hands with your theatre production.

Live Music

With a passion for live music, we've supplied technical equipment and support for household names and emerging artists across a range of genres, both on tour and for one-off performances.

We work firmly in collaboration with production managers and lighting & video designers to supply the equipment that will deliver their vision, from creative lighting systems to bespoke staging and of course, expert crew.

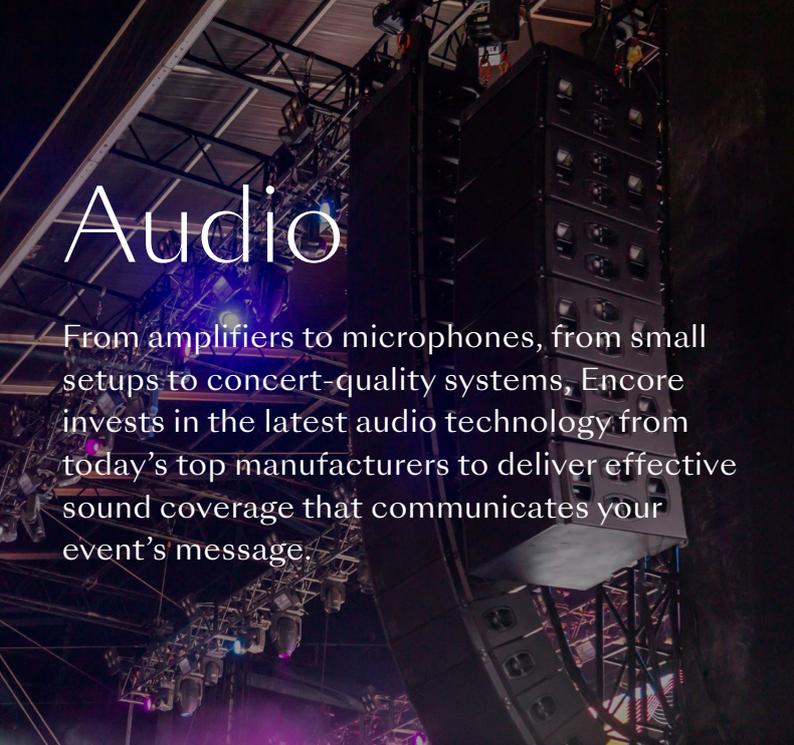

Our knowledgeable team is able to support with all pre-production elements; from CAD plans, system schematics and desk patches to weight and rigging calculations so you know we're on hand every step of the way.

Our highly trained experts combine creative, production and technology services to deliver unparalleled service excellence for our customers.

Our service doesn't end when the equipment leaves our warehouse – each project has a designated manager from start to finish, who will work alongside the production team to offer ongoing support and help ensure the stage is set to deliver amazing shows.

Special Events

Whether you're delivering an awe-inspiring light show or powerful projection mapping, a luxury event in a unique location or a spectacular state celebration with extraordinary requirements, we're there to support you every step of the way.

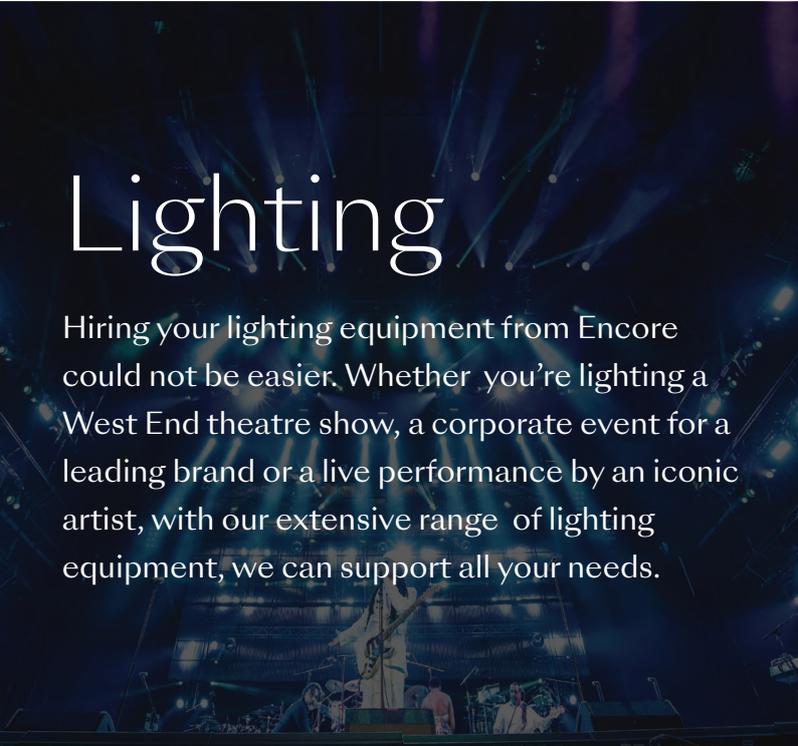

Audio

From amplifiers to microphones, from small setups to concert-quality systems, Encore invests in the latest audio technology from today's top manufacturers to deliver effective sound coverage that communicates your event's message.
