

Empowering Education Through Exceptional Events

The Celebration Behind the Achievement

In the education and university sector, events are more than milestones - they're moments of celebration, transformation, recognition, and connection. From the grandeur of graduation ceremonies to intimate faculty gatherings, Encore delivers high-impact experiences that reflect the prestige, diversity, and innovation of academic life.

Whether it's a live-streamed valedictorian ball, a green room with a live feed into the ante room, or a high school or university graduation, Encore's end-to-end event production ensures every detail is executed with precision and creativity.

Graduation Ceremonies

Four times a year, four times the impact

Graduations are the pinnacle of academic achievement. Encore specialises in producing seamless, emotionally resonant ceremonies that honour students, faculty, and families. With advanced audio-visual setups, large-format screens, and live streaming capabilities, we ensure every graduate's moment is shared and celebrated - whether in person or online (from overseas).

Our team manages everything from stage design, precision production and audio-visual to live camera feeds and remote participation, creating a polished experience that reflects the institution's values and legacy.

“Featuring tailored lighting, discreet AV setups, and seamless connectivity that allow ideas to flow and guests to engage meaningfully.”

Live Streaming

Extending Reach, Enhancing Connection

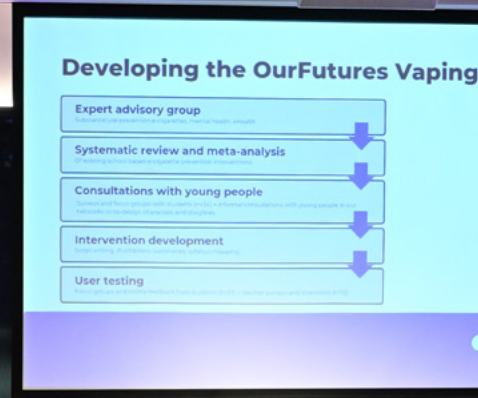

Encore's live streaming solutions bring academic events to global audiences. Whether it's a keynote lecture, a graduation, or a faculty panel, our technology ensures crystal-clear audio, high-definition visuals, and seamless integration with university platforms, we bring these events to a global audience.

Small Spin-Off Events

Connected Spaces for Academic Exchange

Academic institutions thrive on intellectual exchange. Encore supports smaller, high-touch events such as professor roundtables, VIP receptions, and green room setups with live feeds into adjacent spaces.

These environments are designed for intimacy and impact, featuring tailored lighting, discreet AV setups, and seamless connectivity that allow ideas to flow and guests to engage meaningfully.

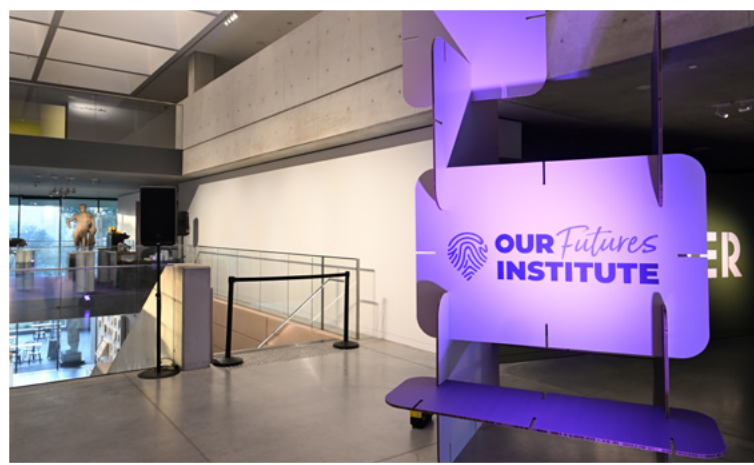

Valedictorian Balls & High School Graduations

Celebrating with style

Encore transforms celebratory events into unforgettable experiences. From elegant valedictorian balls to vibrant high school graduations, we deliver immersive styling, intelligent staging, and theatrical moments that reflect the spirit of the occasion.

Whether it's a glittering ballroom or a school auditorium, our team brings creativity and precision to every detail - ensuring the celebration is both memorable and meaningful.

Why Universities and Education Providers Choose Encore

Expertise across formats: From formal graduations to keynote lectures, Encore's versatility ensures excellence across all event types.

Technical precision: Crystal-clear audio, seamless live feeds, and immersive visuals are standard in every production.

Creative excellence: Our creative strategy, event design, staging, and storytelling elevate academic events into transformative experiences.

End-to-end support: Logistics, audio visual solutions, content production, and audience engagement - all managed by one trusted partner.

Let's Create Events That Inspire

Encore is ready to partner with your institution to deliver events that honour achievement, foster connection, and energise your academic community. From the ante room to the auditorium, we bring your vision to life.

Graduation Ceremonies

Encore delivered 56 ceremonies over 19 days for 9,500 graduands, streamed to 18,000+ viewers globally. The production featured seamless AV integration, robust contingency planning, and cinematic camera work that captured every milestone moment. Crew wellbeing was prioritised with fatigue management strategies to sustain performance across the month-long schedule. Encore's deep understanding of ceremony flow elevated the experience for both in-room and online audiences. With talks underway for future events, this graduation series proved Encore's unmatched capability in delivering high-impact, large-scale academic productions.

Building Unveiling

Encore delivered a seamless production for Flinders University's landmark HMRB unveiling, attended by Prime Minister Anthony Albanese and Premier Peter Malinauskas. The technically complex event featured a custom LED screen solution and discreet audio integration to overcome architectural challenges. Encore's meticulous planning ensured flawless delivery, from vision clarity against glass backdrops to fatigue-managed crew logistics. The result? A visually stunning, professionally executed launch hailed by Flinders as a resounding success. Encore's adaptability, innovation, and commitment to excellence cemented their role as trusted partners for high-profile events.

Hybrid Graduation

With COVID-19 restrictions in place, the University of Sydney turned to Encore to deliver a hybrid celebration for 18,000 graduates. Using the Chime Live platform, Encore streamed the event globally to 6,000+ online guests across 90 countries. Hosted by Eddie Woo and featuring messages from NSW Premier Gladys Berejiklian, the event blended live speeches, entertainment, and social media integration. Despite the challenges, Encore delivered a seamless, engaging experience that honoured tradition while embracing innovation—earning glowing praise from students, academics, and the university's events team.

Gala Dinner

To mark its 25th anniversary, Bond University partnered with Encore to deliver a spectacular gala at GCCEC. The brief: create a unique, immersive experience that brought the university to life inside the venue. Encore delivered with widescreen technology, oversized set design, and a chill-out lounge for networking. Entertainment energised the crowd, while styling in Bond's signature blue and gold added a cohesive touch. The result was a visually striking, high-impact celebration that honoured the university's legacy and future—exactly as envisioned.
