

Encore presents:

A touch of luxury to enhance your festive events

Shine brighter this season and let Encore elevate your celebrations with innovative AV solutions.

Extraordinary celebrations deserve extra-ordinary solutions

At Encore, we believe every occasion deserves to be unforgettable. Our solutions go beyond providing event technology; we create experiences that transform into memories to last a lifetime.

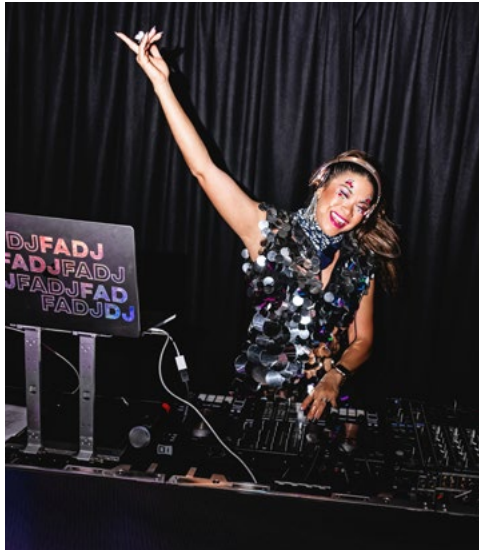

Whether you're planning a lavish celebration or a cozy gathering, our solutions and expertise will exceed your expectations, for the festive season and beyond.

- For decades, Encore has been designing award-winning event experiences that captivate and transform.
- We offer a full spectrum of solutions for events all shapes and sizes; be it virtual, in-person, or a hybrid of the two.
- Guided by our customer-first philosophy, we accompany our clients through each phase of the event planning process.
- Our highly skilled experts seamlessly integrate creativity, production, and technology services to deliver unmatched service excellence.

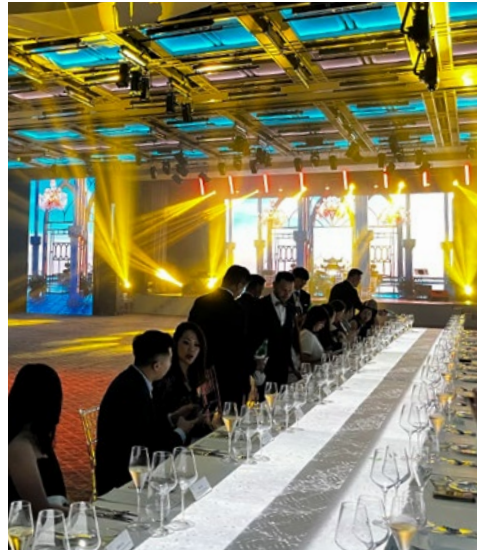

Crystal clear sound

Whether you're hosting a world-class musical performance, an end-of-year presentation, or simply want to deliver a holiday message to your teams, we have the sound technology to ensure you never compromise on audio quality.

Live music and DJs

Ensure that dance floor is pumping with the rich and resonant melodies of your entertainment.

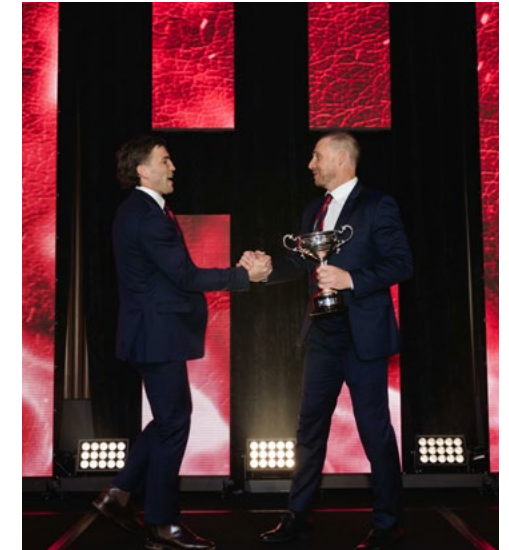

Background music

Set the atmosphere, tone, and volume at any event, and allow your background music to subtly fill the corners of any room.

Speeches

Rest assured that your message will resonate with everyone, whether at a corporate conference for 50 or a festive celebration for 5,000.

Awards

Don't let glitchy sound affect hearing the results of your coveted awards ceremony. We have the sound systems to fill even the largest spaces with energy and volume.

Let's your festive event shine bright

Lighting can transform the darkest of nights into an illumination of warmth and wonder. Our lighting experts are able to create a bespoke design to suit the style of your evening and bring the festive spirit and twinkling magic to your event.

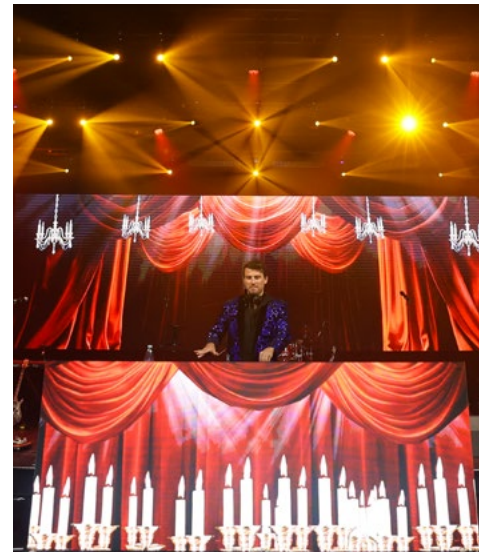

Outdoors

The first step to welcoming your guests is outside of the venue. Let us light up your space to beckon your guests in, with the promise of holiday joy.

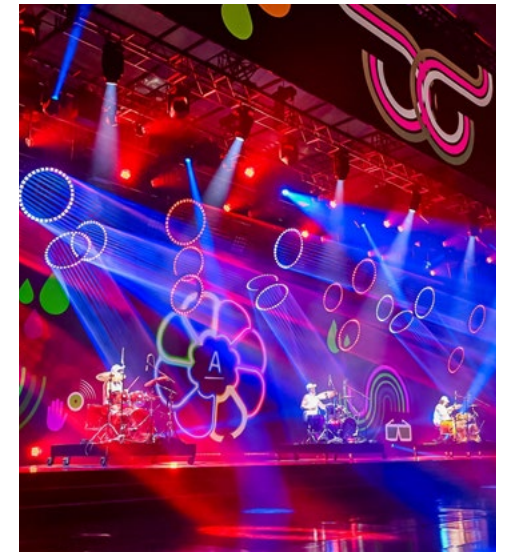

Indoors

Bring colour and texture to your space with uplighters, warm washes of colour, textural changes from gobos, and beams of light to highlight the centrepiece of any table.

LED

Encore's LED range transforms event spaces with vibrant illuminated floors, dynamic lighting, and customisable designs, perfect for branding, theming, and creating unforgettable, high-impact moments on the dancefloor and beyond.

Stage lighting

Shine a spotlight on the centre stage and create a focal point for your presenters and entertainment with a range of our lighting solutions, include front lights, floor packages and special effect lighting.

Wow your guests with stunning visuals

We can provide and install an LED wall or projection screen, complete with all the necessary infrastructure, to ensure every guest, from front row to back, feels part of the celebration. Whether you're showcasing highlight reels, live entertainment, or heartfelt messages, our visual solutions will elevate the atmosphere and make your event truly unforgettable.
