EVENTS THAT TRANSFORM

Real Events for Real Estate

Professional event production for AGMs, Investor Conferences, Property Forums and Gala Awards for the Property and Construction Industry

In the property and construction industry, events are more than formalities - they're strategic platforms for communication, brand elevation and stakeholder engagement. From AGMs and investor forums to precinct launches and gala celebrations, Encore delivers high-impact experiences that reflect the ambition and professionalism of the sector.

Gala Dinners & Awards Nights

Celebrate excellence with style

These events honour the people and projects shaping the built environment. Whether it's long-standing service, innovation or safety milestones, Encore produces showstopping experiences with seamless execution.

From immersive lighting and intelligent staging to precision show calling and theatrical moments, every detail is tailored to your brand and audience. Styling reflects your identity - urban luxury, architectural innovation or community celebration - brought to life through entranceways, centrepieces and cohesive design.

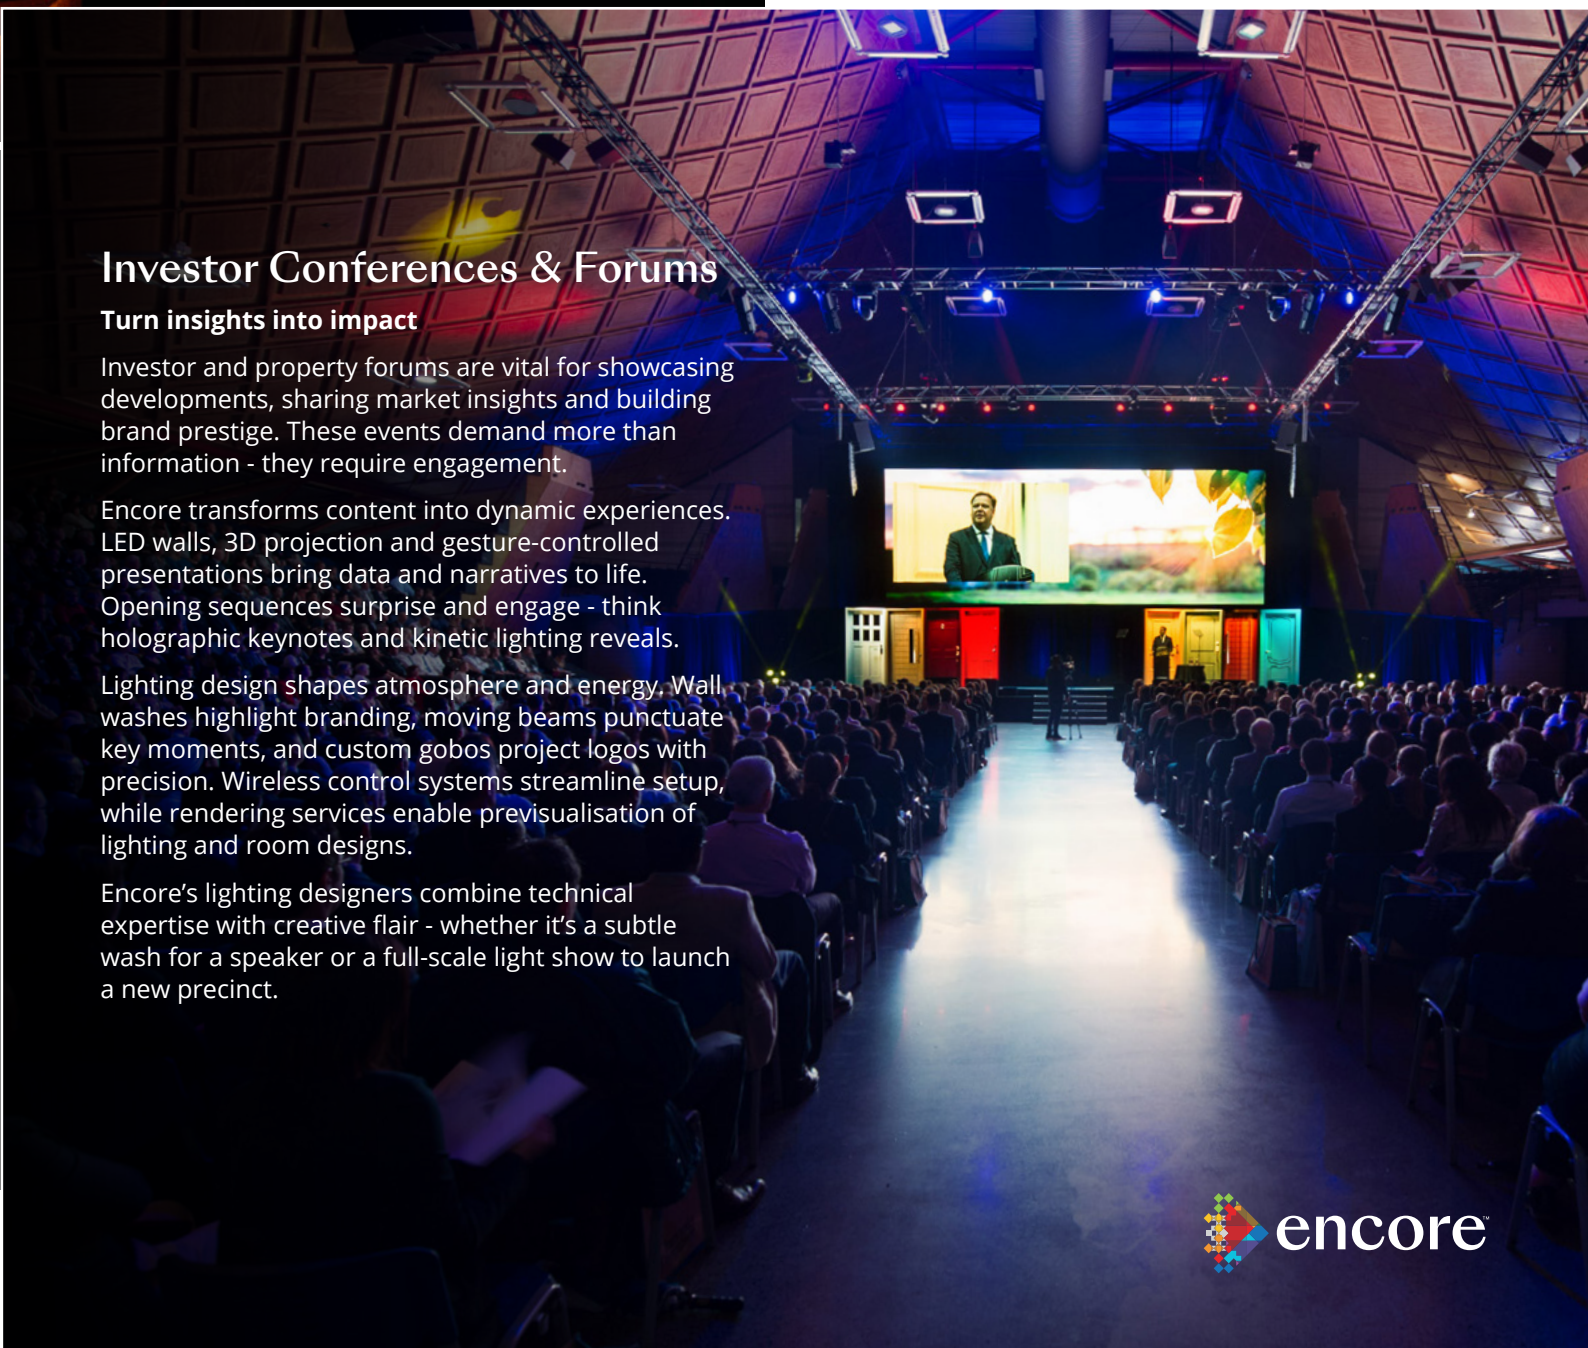

Lighting, staging, multimedia and AV work in harmony to create a polished, high-impact event. Whether it's a precinct launch or property management awards night, Encore ensures the production reflects the pride and professionalism of the industry.

Drive Interaction with Chime

Encore's Chime platform powers engagement at investor forums and dissemination events. Live polling, surveys and interactive Q&A turn passive audiences into active participants.

Delegates respond to prompts, share opinions and view real-time results from their devices. Chime also supports content distribution, giving attendees instant access to presentations, bios and session materials.

Investor Conferences & Forums

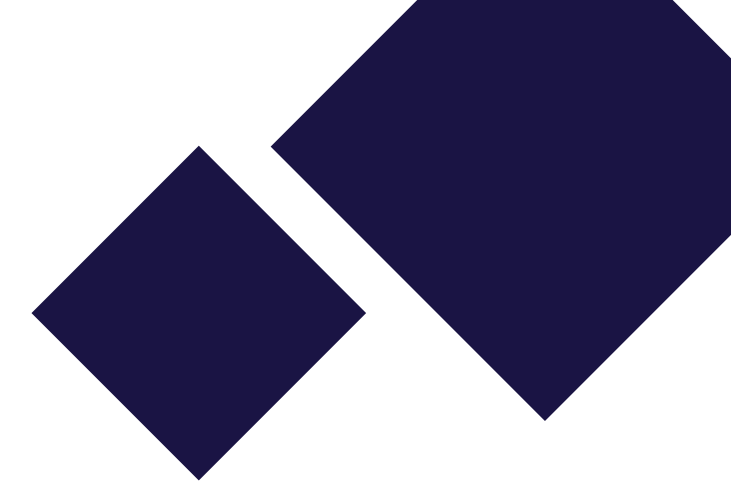

Turn insights into impact

Investor and property forums are vital for showcasing developments, sharing market insights and building brand prestige. These events demand more than information - they require engagement.

Encore transforms content into dynamic experiences. LED walls, 3D projection and gesture-controlled presentations bring data and narratives to life. Opening sequences surprise and engage - think holographic keynotes and kinetic lighting reveals.

Lighting design shapes atmosphere and energy. Wall washes highlight branding, moving beams punctuate key moments, and custom gobos project logos with precision. Wireless control systems streamline setup, while rendering services enable previsualisation of lighting and room designs.

Encore's lighting designers combine technical expertise with creative flair - whether it's a subtle wash for a speaker or a full-scale light show to launch a new precinct.

“Lighting, staging, multimedia and AV work in harmony to create a polished, high-impact event.”

Elevate AGM Engagement with Chime

Encore's Chime app enables real-time interaction - ideal for hybrid AGMs with remote stakeholders. Attendees can vote, ask questions and access documents from any device. Seamless integration with Encore's AV systems ensures a smooth experience.

Annual General Meetings

Deliver clarity and confidence

AGMs are critical moments to communicate performance, strategy and governance. With hybrid work and dispersed stakeholders, professional delivery is more important than ever.

Encore's AGM production is built on clarity, professionalism and engagement. Crisp audio ensures every voice is heard. Large-format screens present financials and strategic plans with visual precision. Coloured wash lighting reinforces brand identity, while roving spotlights keep speakers in focus.

A branded head table and custom-designed set create a polished environment that reflects your stature. For smaller venues, Encore's Event Backdrop offers flexible branding, signage and lectern solutions.

Let's Build Something Exceptional

For real estate companies looking to elevate their events, whether to inform, inspire, or celebrate, Encore offers the expertise, technology and creativity to make it happen. Let's explore how your next AGM, launch, or gala can be delivered differently.

A divine food and wine experience under the vines for McGrath Real Estate

Encore's Adelaide team crafted a divine food and wine experience under the vines at St Hugo, Barossa Valley, for McGrath Real Estate's Leadership Conference. Guests dined at a long table nestled in the vineyard, beneath a transparent canopy adorned with three-metre arches of cascading vines and glowing décor lighting. Rustic candles, floral vases and soft linen completed the look, enhanced by warm up-lighting. Roving singing waiters and a local band entertained 136 VIPs, creating an unforgettable evening. The immersive styling celebrated the region's finest produce and showcased Encore's flair for transforming spaces into sensory experiences.

A Night with the Stars Shines Bright at Barfoot & Thompson Annual Awards

Encore lit up Auckland Viaduct Event Centre with a dazzling “Night with the Stars” for Barfoot & Thompson’s 2024 Annual Awards. With just hours to bump in, Encore overcame tight timelines and complex rigging to install 83 pin spots, a 42m fairy light curtain, and a custom stage with golden rain backdrop. A blue carpet added luxury, echoing the brand’s colours. The result? A seamless, starry spectacle for 760 guests that wowed attendees and delighted the client. Encore’s creativity, precision and problem-solving proved why they’re Barfoot & Thompson’s trusted production partner year after year.

ACTON Real Estate Awards

Encore transformed Crown Perth into a glamorous art deco celebration for ACTON Real Estate's awards night. With 500 guests in attendance, the event featured a red carpet arrival, diamond-shaped dance floor, and sparkling crystal centrepieces. A bold new set design combined presentation and entertainment stages into one, framed by dual wide screens and dramatic Scenic Panels. This clever configuration created intimacy and visual impact, perfectly complementing the theme. From styling to AV, Encore delivered a seamless, high-impact experience that celebrated ACTON's top performers in style.

An elegant Black and Gold Gala Dinner for Morris Corp

Encore delivered a decadent black and gold gala dinner for Morris Corp at QT Gold Coast, styling the event for 165 guests with striking elegance. A custom honeycomb ceiling installation of hexagonal panels lit by rigged Mac lights and fusion bar uplighting created a dramatic stage backdrop. Tables were dressed in black linen with gold charger plates, black napkins and gold chair sashes. Centrepieces featured mirrored hexagons and wire hurricanes filled with copper bud lights, casting shimmering reflections. The result was a visually stunning celebration that perfectly captured the theme and elevated the evening's formalities.
